Our Mobile Apps for Your iPhone and iPad

iNovo LIQ

Soil liquefaction analysis
based on "Idriss &
Boulanger" 2014 method

iNovo SPT

Several SPT correlations
with various soil properties

iNovo Logger

Record borehole logs and test pits, take photos / videos
while on site, record SPT/DCPT blows, etc. and convert your
data to borehole logs

WHY NOVO TECH SOFTWARE?

- ✓ We are geotechnical engineers, designing geotechnical software since 1997
- ✓ We offer flexible licensing that is both affordable and fits your needs
- ✓ Consultants and universities in 50+ countries use our software
- ✓ We deliver the software within 24 hours of your purchase, and offer excellent technical support

VISUALIZATION & REPORTING

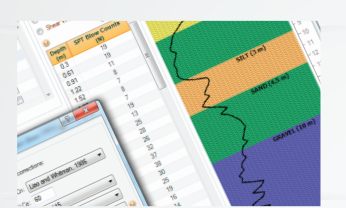

FIELD DATA PROCESSING

+ CPT Interpretation Software
Correlating CPT data to 20 soil properties + various analyses

+ SPT Correlations Software
More than 300 Correlations included

+ Becker Penetration Test Software
Easily convert BPT blow counts to N_{60}
